I also did design work for the Spud Movie social media, The Rise of the Insanity League, Hoopers VW, Little Palm Tree Yoga, JenRay Catering, The Joy Project, The Cooke's Kitchen, Calvyn Justus, Northwood School, The KwaZulu-Natal Youth Choir as well as all the artwork for my 3 singing albums. I also ventured into photography where I have done photoshoots for various clients.

MARKETING & SOCIAL MEDIA MANAGER
I am the official designer for the choir and am also in charge of the marketing campaign where I am required to maintain their website (www.kznyouthchoir.co.za) and social media sites such as Facebook, Twitter, Instagram & Youtube.
- 2009 - 2012** + **NORTHWOOD SCHOOL**
GRAPHIC DESIGNER
Although I was a student at the school during this period, the school's marketing team was in need of a graphic designer. I designed promotional flyers, posters, banners, corporate stationery, business cards and all the components for the school's annual musical production (which included posters, tickets, programmes, backdrops, banners, cast t-shirts and participation certificates).

Using the name as my freelance identity, I discovered my passion for design and layout and designed items for various clients around South Africa. These include XS Night Club, DJ Jamez V, DJ Chris Taylor, Northwood School, The Durban City Orchestra, Lisa Bobbert & Aaron McIlroy. In 2010, I entered the Doodle 4 Google Competition and my design was placed 3rd in South Africa.
